## **ETH.REL.HMS.PHIL.ETH 096 Bioethics and the Covid-19 Pandemic**

Professor Davis / CRN 14984 / HU, REMT / 4 credits

This unprecedented epidemic raises many serious ethical problems. What can we expect of healthcare workers? How can we make difficult decisions when more people need ventilators than we have ventilators to go around? How can we balance the pain of a wounded economy with the pain of a health crisis? What are the responsibilities of ordinary citizens to attempt to stay healthy? This class will look at these and other questions while also investigating the underlying ethical theories of justice and fairness. Class evaluation will depend on papers and class participation.
